Council Approves Fifth Avenue of Service

By Ryan Hyland

Rotary International News -- 28 April 2010

Representatives at the 2010 Council on Legislation approved an enactment 28 April to add a fifth Avenue of Service: New Generations. New Generations joins Club Service, Vocational Service, Community Service, and International Service as the foundation of club activity. Before starting a project, Rotarians are asked to think broadly about how their club and its members could contribute within each avenue. The Avenue of New Generations recognizes the positive change implemented by youth and young adults involved in leadership development activities, community and international service projects, and exchange programs that enrich and foster world peace and cultural understanding.
